

**WAMALA RESOURCES
LIMITED**

COMPANY PROFILE

Overview: Wamala Resources is a Tanzanian mining company dedicated to exploring, extracting, exportation and processing mineral resources. The company is committed to sustainable mining practices, ensuring that our operations not only meet the demands of the global market but also contribute positively to the local communities and environment in which we operate.

CORE ACTIVITIES:

Exploration:

Wamala Resources focuses on identifying and evaluating mineral deposits with potential for commercial development.

Extraction:

The company employs advanced technologies and methods to extract minerals efficiently while minimizing environmental impact.

Processing:

Wamala Resources processes raw minerals to produce high-quality, market-ready products.

Exportation:

Wamala Resources is a key player in the global minerals market, exporting high-grade minerals to various international markets. The company has established a reliable export chain, ensuring the timely delivery of products to customers worldwide.

Sustainability:

The company is dedicated to maintaining responsible mining practices, adhering to international environmental standards and contributing to local community development.

Vision:

To be a leading mining company in Tanzania and Africa, known for our commitment to operational excellence, sustainability, and integrity.

Mission:

Wamala Resources aims to responsibly develop and manage mineral resources to create value for stakeholders, contribute to the economic growth of Tanzania, and ensure the well-being of our employees and communities.
